wrong veg. It is own more necessary with these half filling wrige their they should be exceptify adjusted and tidily were then with such as set more samply. Any one who has welled belief a wearer whose determs has aligned to one side with most unquestal affect because the tage as the wait! Here has not been accomply tied, or who has watched a wimen in a half fisting mentio crossed down to it, as sho side, until her chemidess and hock are in a busels and the become is mean of crumpled motorial, will attent the truth of the presenting assuring the truth of the present and the become is mean of all stadies about olosies should be carefully, if isosely fitted, and their teams and all similar short clocks should be carefully, if toosely fitted, and their wearen should be sure when they put them on that their flowing lines tall where such lines do fall in the contour

warrans should be sure when they put them on that their flowing lines fall where ruch lines do fall in the contour of fire figure and not where sung trimnes is to be expected.

The writer care beard a New York woman say, is all seriousness, that so one could be a guantize aristocrat and realizely who did not possess a quant's heir should be a guantize aristocrat and realizely who did not possess a quant's heir should be a guantize for mind the subject of India drapacies is approached with becoming gravity. It seems, indeed, almost heretical to hint that even this patent of nobility admits of, degrees of grace in wearing. It is true, nevertheless, that one material her valley of Thiest holes the one material her valley of Thiest holes the one material her sidual-dees with stately grace. There are indefined to the table, generate aristocrate, too, in the less summe of the word, who have fived and died withdeast with stately grace. These are the word, who have fived and died withdeast owing a jugano of seamen's held. There is, though not a single magnessful woman, of whitever with their would, who have seed to grace out the one or more the may have hed with distinction.

No garment of a woman's robe in all code so quick and no stan a tast of her figure, and partings, her gait and her novement as a show. If you have not her gives and short and which your fight

rine straight and free, and if you can walk wathout settling first on one hip-tees on the other, by all means were your carrier hale. Offerwise drop it on your carriege cush-one, tows it account he year carriers hair. Otherwise uses as use year carriers cuckans, ton it account the chair of year open hox, throw it over the sots of your shouning room or lang it as a portion in your oriental paringmentaling to display it except to pay it should your own Joess for street went, When it is so worn, however, it should be folded, not quite doubts, although the folded, not quite doubts, although the folded, not quite doubts, although the findiently so to be sure to clear the massed to the sant of a full sized shawl

sufficiently so to be sure to clear the ground in the case of a full sized shawl or as mus resisted wearer—a combination not transmission. One or two loose platts in the center of the fold, hald easily in place by a pin where me must not be betrayed by night or effect, affords a sollow for the nack curve; when the stands for the furgre when the stands manage to getber its extra fullness over her shoulders and in her arms in such fashion as to give the oundined appearance of riability and carelessness. It is the success of this final individual response of riability and carelessness. It is the success of this final individual response to get the function a woman's ight to put on the garment at all.

It is a pleasure to pass from these trying wraps, which is point of fine aroundy because when they result the prioriess tage of being fine enough to the expundite ortic do had in which a woman cleaks errolf for an evening reception or a light at the other. But a innerticiposcie not so look each best in the beautiful garacente, with their rich texture, close coloring and soft, finify transiting of lace, feathers or fure but, as many diamonds may be spanding and ally one favores, cold is permitted but and children benegation of the future of these arguistic capations brought out a loyely and children waster. ground in the case of a full sixed shawl or an uncertaind water—a combination

r unite arquisite crimitions ber r a loyely and shillful vegarer.

o abould ## her treate Shrittens to its occasion and personnel. Maskinson may be adjusted stolicity of without sentiment as a disagreeable sensity, but a clock with which one rous one lovely solids to stand forth in other, possibly lovelier, deserves more saidersside. A second rules in this re-rd must not be shought of. Which a sea interest when a second to the report box and full woman rise in her opera box of draw shout her with languid grace a loose simping mantle which "helf south, helf dusions" the charms beath, and if you are a more and set acted, build dusioned the charms be-ath, and if you are a women and get inking of the way it is done, be sure a can never do it MARGARET H. WELCH.

THE YOUNG GIRL'S AGE.

Miles Diffesto Spielik Walles of Ben Phins of the Spiel of the Societ.

(Copyright, 2000.) like hee be The new year eases we constrain a new th almost equal flows might it be that the years girll nige, for during years two decades she has been standi-gibleing in importants. What she · part two decades she has been standigibling in importance. What she id made of hereoff chatche the attende of intelligent thinkess for motor the question of how to dispute of brother. For her eals support gradient are decaded—for her particular, two-fact, for her particular, worker, Carthing associations, close , professive upters are organized. It did withing a productions, close , itselfective upters are organized. It did withing a production, or the particular particular is produced. The second second and the second seco matther deptstant believed to was placed in matthey much an allegation gib his recording to the point gibts still his re-ben singularly unfortunate if the language have been along the income have a penerally odd

to the class of literature he listed in this category.

There are two popular heliais current encourang the girl of the period. Encholds her to be almost an angel in ler largocene and ignorance of evil, a category where absolute purity is only equal and by the total tack of perception that canadisc her to live in a world hise otto, and yet never suspect that it holds this and moral unawequets.

The other class of theories concerning girls go to the opposite antiques and in-

The other class of the class concerning girls go to the opposite sutreme and impute to them a "imowing sees" will of verges upon that the sufferness. The impute los of the latter view is paralleled by the theoretic of the former. Daless a girl anshem brought up as was the Bleeping Beauty, in a tower, or unless she is a rank fool, she cannot see up the knowledge that there is aim in the world. To the cognizance of "how seed and flow had and how mad it is" does not detract from her innate pastiry. The innoceases that can be, corrowally switter of evil from her inness pusity. The innoceases that can be, sorrowfally sweets of evil without being ounterminated by it out-values that ignorance which either cannot og with hot own the existence of the landstone.

mot or will not own two carrespondings.

Givey que who has had an extendic acquaintaines with girls knows that there are no wide variances in their olearactely as in those of men. Minds blean had minds melean are found appay both. Thus are women in whose presence the most during would besine to repeatiff saludous tale or alleston, and otherwills whem one feels that a "whach's play, if claracty told, would be greatly with applicate. But he is said, to the credit of womenkind at large, that the latter are the rare exceptions—never the

ereits of womenhind at large, that the letter are the rare exceptions—never the rate with the rare exceptions—never the rate.

"I have told first one 'manginy' order than yilfe," end a middle capid mater.

"That was when I could not have be a mire than 15 years old. A prety of a girle were spanding a jolly evening the gether, and there had been animerable hamiless (mairy jears exchanged. Finished to it had recently heard, one withing double meaning, which, to do me justice, I had not really appreciated. Indicated with the talk and laughter, I senounced that I knew an await story and, after due urging, I reseased my double entender marrative. The mounch the words had passed my lips their inch significance burst upon me, and I works had innocently constructed my qualified that instelled down over the group, with had innocently constructed my qualified to my chesites of swell to mean simply 'drobe' the day the blood rushes tingland' to my chesites a lease I have never forgetten.

Buelly "nice" girls—to use this adjective in the day of the beat they wistingly make onese read in pure books if they know it any note than they wistingly make onese read frepure books if they know it any note than they wistingly make onese read frepure books if they know to the date that they wistingly make onese reads for the third consistent with pitch he any form, whether in elever hook or anusing anneaton.

Buch avoidance of ain in its least repulsive form does not imply Pharisselma, There are manly women who, assuming as witch words "East soid out to the Elling's mile ones and in the least repulsive form aneogations and to the Elling's mile ones of all, and draw them up with that "scong pill of the down reaching hand" whose polancy is provable.

While such wonderful remains in reforming and plant wonderful remains in reforming and polants.

ped soil, and down reactions pelli of the down reaction.

whose points in provincial.

While such wonderful results in reforming and rectalming are being wrought by women, it ill becomes earpount to animal very harmly upon the pure use to animalitate hambly upon the guest mindedness of girls. Of this body used these who are the wants of total, as well as these developing into the women who will do their characteristics the heal-ing of the world in the coming years.

Eliste Robert House WOMAN'S WORLD IN PARAPRAPHS.

2 200d a China The Henneth Prop. Assembles.
The Herr Highted Woman's Press a neithfon is full of vim.and life. Press a to other achievements the past winter is managed a monoscial lecture over which was the term's especially of the energy of one of the best all round navepaper women in the cedhery, "Jean Elegati," Mrs. Rebile M. H. Merrill. Under the surpless of the above manned essociation Dr. Amelia E. Rewards gave the last of her lectures in America. As the close of the last lecture, when the association presented to Dr. Edwards a braceles of California gold set with American stone, Mrs. Livermore told the sudience how, were where the hurself had been stone, Mrs. Livermore told the sudience how, everywhere the herself ind been during the witter, she had found American women bewitched with Heyptology and Rise Edwards. It's no use talking, men couldn't gush over one exother as delightfully as women do, if they were to try for a contrary. Best of all, the women height to mean what they say, too.

These said mean or absence to the country to th

Mrs. Mary Frances Augustin, who does a more many evances angustic, who dole recently, aged \$1, was a noted exterer of Parischiphis for severity-one years. In 1916 the existilished a small resistant on Fifth street. She managed it entirely without, assumance till 1965, then she took

ees, make and other entertaines

whend in an superintendent and the was successful and acceher historics in a separate and some chalate a fortune, but continued the su-pervision of the restaurant till her death, Mrs. Augustan was the moliter of seven children. All this shows what one ween could do, at less

Two events that happened recently have see me to thinking some "long thoughts." One is the exposure of the frightful corruption of the sheriff; office and local prison department of New York only. The other is the active participation of the ladge of Rames in municipal charters the last way. In the Kenner in the Rames of the ladge of the ladge of the last way. sion of the index or kname in minimpar elections the last year. In the Kanass towns women have taken an interest in municipal adding and some of them have been elected to olty councils. They accounties carefully the moral observed of every man who presents himself as a candidate. If it is not estimately, it is reclass for him to come before the recouseless for him to come before the useless for him to come before the nom-insting ponvention, for the women have diagests at the nominating convention, too. The result hat been a revolution in musclipial politics in these towns. The occupation of heeler, business and the man who makes his living by politics is gone. Good order, elem excets and first

men, who makes his living by position is gone. Good opiny, elean arrests and first class schools appeal pecuharly to women. The Medha. Valley realroad has a new president. The new president under-stands therroughly not only the duties of the office and the needs and expections of the railroad itself, but has also enter-tional business. ability. The name of the mitroud mean, not seem that it is the name of the valuable individual is him. (C.D. Halass. I, wonder if she writes her Haines. I, wonder if the first pame with an "I of".

There is no intellectual power of fac-alty displayed by any one much that a not lattus in every other mind. There-face it is unmatakably true that what one individual of a race has done stands as a possibility for any other member of that race. I was girls would remember that, the state of the writing glorifies al-ways strength of wall. Strength of will means simply ways strength of will. Strength of will make simply a patient determination just never relaxes

The engraving and plate printing de-partment of the Methodist Book Concern as Cincinnati has a girl manager, a bright and pretty girl at that, who understands ther business thoroughly. She is Minna Williams. Miss Williams has studied id worked both in this country and in

Cardinal Manning, blessed be althe his great heart and brain, says: "I filmly the time has now come for stranger and proper efforts to be usage to protect the working women and to insure to flow equal fatroess in the matter of their hours of work and their wages as the men now whether."

Mrs. George B. Carpenter is and has been for ten years role leases and gan-ager of Central Muda hall, Guongo. In "Jennie" McCowen is president to the Davenport, La., Academy of Sciences. And Benrie Harrison is president of the Whited States. United States.
